The Story≡

Sir John Falstaff is a knight who has fallen on hard times. He is being fleeced by his avaricious retinue, Bardolph and Pistol, and he has been accused of robbing Dr. Caius while the physician was drunk. Worst of all, he is in danger of losing his beloved paunch for lack of funds to supply it with food and drink.

He sees his salvation in the fortunes of two wives from Windsor — Alice Ford and Meg Page. He writes to each of them declaring his love, with the intention of gaining control of their money and of cuckolding their husbands. When Bardolph and Pistol refuse to deliver the letters, claiming their honor will not allow them to participate in such a plan, Falstaff throws them out.

Mistress Ford and Mistress Page each receive Falstaff's request for an assignation. Comparing letters, the women are outraged at his audacity. With the help of Mistress Quickly and Alice's daughter Nannetta, they resolve to teach him a lesson he will never forget.

While they are plotting against Falstaff, Nannetta reveals that her father is planning to marry her to the wealthy Doctor Caius. Nannetta is truly in love with Fenton. The ladies determine to prevent a wedding with Caius from ever taking place.

The jealous Ford learns of Falstaff's plans from the ousted Bardolph and Pistol. In order to trap his wife, he disguises himself as "Master Brook" and seeks Falstaff's help in wooing Alice Ford.

Audacious knights and foolish husbands meet their match at midnight in Windsor Park under the haunted Herne's Oak.

From the Director =

My work on Falstaff has led me to several startling discoveries. What I had thought to be an engaging but benign comedy gradually revealed depths that I had never suspected beneath its deceptive surface. Like many great masterpieces, Falstaff had become invisible, Buried beneath years of accumulated convention and inherited wisdom, the work itself had disappeared amidst the trappings that had accrued around it. Subject to this same weight of tradition, I experienced a great shock when I was able to examine the work more closely.

Shakespeare's play, The Merry Wives of Windsor, has been transformed by Verdi and Boito into an allegory of the human condition. Falstaff is extreme. His appetites are enormous and voracious. Can these ever be satisfied? Of course not. They will only be supplanted by greater ones. He is doomed to pursue one delight after another with no saiety in view - an endless chain of desire that signifies life's great promise and ultimate betrayal. Like Christ, he is a figure at the outpost of the human condition signalling back to those of us in the center. Verdi's parodies of liturgical music and text are not accidental. With wit and sometimes bitter irony, he associates his "hero" with Christian and classical symbolism. Love, vengeance, and desire are of mythological proportions. I have sought to make these inherent values visible.

- Travis Preston

About the Artists =

Darryl Taylor (Dr. Caius) Voice Performance — graduate student — Detroit, MI

Giuseppe Verdi (Composer) is acclaimed as one of the top three operatic composers ever. Verdi made his debut with Oberto, which was well-received at La Scala in 1839. Nabucco (1842) was the composer's first major success and established him as one of the most prominent composers in Italy. Il Trovatore, La Traviata, and Rigoletto (which was composed in only forty days) furthered his reputation and assured him of European fame. Aida represented the culmination of Verdi's art up to that time when it opened in Cairo in 1871. Depressed by political and musical conditions in Italy, Verdi waited sixteen years before composing his next opera. In 1887, he collaborated with Arrigo Boito on Otello, which was acclaimed as the supreme achievement of nineteenth-century Italian opera. In 1889, Boito suggested another collaboration, and the two began work on Falstaff. The work proved to be Verdi's final opera, a magnificent crescendo of a great career.

Arrigo Boito (*Librettist*) was both a poet and a composer, the son of an Italian painter and a Polish countess. He first collaborated with Giuseppe Verdi on *The Hymn of Nations* in 1862. His opera *Mefistofele*, based on Goethe's *Faust*, was thought to be revolutionary and let to a riot in La Scala. The opera was finally withdrawn because of the controversy, but a revised version that was performed in Bologna in 1875 was highly acclaimed. Boito developed a passion for Shakespeare that led to collaborations with Verdi on *Otello* and *Falstaff*. Boito also wrote librettos for Catalini's *La Falce* (1875) and Ponchielli's *La Gioconda* (1876). In 1889, he received a Doctorate of Music from both Cambridge and Oxford.

This year marks the sixteenth anniversary of the University of Michigan Friends of Opera, a group dedicated to providing support and encouragement to the opera program at the University of Michigan School of Music. The organization's primary function is to finance annual scholarships for voice majors at Michigan. This year, soprano Gina Lottinger is the recipient of a \$3,000 tuition scholarship.

Since its founding, Friends of Opera has sponsored numerous events, including an annual opera trip and special receptions for opera cast members and friends. The group also provides refreshments during the final week of opera rehearsals and performances for opera cast members. An annual scholarship winner's recital is held at Kerrytown Concert House each fall.

New members are always welcomed. Annual membership (tax deductible) entitles Friends to preferential seating, advance notice about dates and productions, admission to rehearsals, bus trips to opera performances, and invitations to special receptions.

DORIS HUMPHREY 1931 - 1990

Doris Humphrey, who died on October 10, 1990, after a long battle with cancer, contributed significantly to the success of the School of Music for over twenty years. As publicist for the school and editor of Music at Michigan, she shaped the image of the school we know today. As administrative associate of the Department of Theatre and Drama, she carried out the difficult task of integrating the newly transferred department into the School of Music. A person of uncommon intelligence, Doris had a vast knowledge of literature and music, as well as mighty good sense. She was especially devoted to young singers, championing them as students, then zealously following their careers for her publications. With her boundless, ironic sense of humor, and her love of innovation, Doris would have thought Falstaff to be a fitting memorial.
